ACCOMMODATION

Programmes are non-residential.

FEES: (Per Participant)

Fees once paid will neither be refunded nor be adjusted.
The fees will cover - folder with soft copy of reading material, ball pen, writing pad, lunch and tea.

MODE OF PAYMENT

Nominations accompanied by a crossed Cheque /Demand Draft drawn in favour of **"National Safety Council" payable at Navi Mumbai/ Mumbai** in the prescribed form should be sent to the National Safety Council, Plot No.98A, Institutional Area, Sector 15, CBD Belapur, Navi Mumbai - 400 614.

NSC will also accept payment by electronic transfer.The bank details NEFT/RTGS payment are:-

Name of the Bank	Bank of India
Address of the Bank	Plot No. 11, Sector - 11, CBD Belapur, Navi Mumbai - 400 614
Bank Account Number	011620100005233
Bank Branch MICR Code	400013106
Bank Branch IFSC Code	BKID0000116
NSC's Income Tax PAN	AAATN3069N
NSC's GST Number	27AAATN3069N1Z4
HSN/ SAC Code	999293
Service Category	Commercial Training or Coaching
UPI Payment	

The details of electronic transfer (transaction ID, date and amount) should be intimated to NSC by email/letter for confirmation of nomination.

ADMISSION CRITERIA AND PROCEDURE

- The admission to the programme will be on **"First-Come-First-Served" basis** for the eligible candidate (Limited Seat).
- Online registration facility will also be available on NSC website https://nsc.org.in
- In case of any problem with online registration, payment can be made by a crossed Cheque /Demand Draft drawn in favor of **"National Safety Council, Mumbai"**.
- Complete name and address of the organizations should be indicated on email.
- For member discount, active membership number should be mentioned in their communication/ correspondence. (If active membership number is not written in the enrolment form or any correspondence regarding nomination, the company will be treated as non-member.)
- Sponsoring organisation must mention **GST Number** in all communication for raising tax invoice, if not received then tax invoice will be raised without GST number and invoice cannot be changed.
- TDS may be deducted from basic amount of fees. **TDS certificate** should be issued within one month after deduction of TDS.
- If your organization is located under SEZ Area and exempted from GST, kindly provide the **SEZ Registration Certificate.** If not, GST will be applicable.
- **Certificate** will be issued to each participant at the end of the programme only after **receiving** the full payment.

NSCI Certified Lifting & Rigging Supervisor

15 - 17 February 2027, National Safety Council, Hq., Navi Mumbai

ABOUT THE COURSE

In factories, ports and construction sites, several operations and processes involve the use of lifting machinery, lifting tackles, chains, ropes, etc. for material handling. Improper selection, inadequate strength, patent defects and poor operating practices, etc., are some of the known causes for failure of the lifting equipment which can result in fatal or serious injuries and damage to equipment, material, or other facilities. To prevent such unwanted events, it is essential that users of these equipment's are familiar with the various safety requirements relating to their design, construction, testing, examination, maintenance, and operation. These equipment's are also required to be periodically examined and tested as prescribed under different statutes.

These 3 days programme is designed to enhance knowledge and skills in safe lifting and rigging operations. The training focuses on both theoretical understanding and practical application of statutory requirements, safe work practices, and effective supervision of lifting and rigging activities at workplaces.

LEARNING OUTCOME

After successful completion of the training, participants will gain the skills and confidence to safely supervise and manage lifting and rigging activities at the workplace.

COVERAGE

The programme will cover the following areas:

- Statutory requirements regarding lifting & rigging
- Inspection and testing of lifting equipment, tools, and tackles
- Preparation of lifting plan
- Ground condition and load stability assessment
- Safe selection of tools and tackles
- Safe slinging practices
- Blind zones
- Practical hands-on experience of rigging and lifting operations

WHO SHALL ATTEND

Supervisors and engineers involved in lifting and rigging operations, safety officers, maintenance and plant engineers handling lifting equipment, contractors and subcontractors engaged in rigging jobs.

CERTIFICATE

- Participants who successfully pass the test as per NSCI criteria will receive a Merit Certificate and others will receive a Participation Certificate. (Validity 2 years)
- Certificates will be sent to the participants addresses and will include a unique identification number based on the last four digits of the participant's Aadhar card.
- Participants are requested to submit a soft copy of their Aadhar card during course enrolment

FEES: (Per Participant)

NSC Members:	Rs. 24,500/- +4,410 (18% GST)	=	Rs. **28,910/-**
Non Members:	Rs. 27,000/- +4,860 (18% GST)	=	Rs. **31,860/-**

Building Safety Culture by Behavior Based Safety Management Strategies

25-26 February 2027, Hotel Vivanta, Panaji, Goa

ABOUT THE COURSE

Management practices like Engineering Revision, Instructions, Personal Adjustment and Discipline, etc. have resulted in improving Safety Standards and reducing unsafe situations and accidents. Now there is a need to find and apply newer methods to reach the target of zero accidents. Keeping in view of the need, in the recent past safety professionals have developed a new approach known as "Behavior Based-Safety". This approach is based on successive years of research which showed that about 80% of accidents at the workplace are caused by unsafe behaviors.

It promotes a proactive & practical approach to genuinely help people to follow safe work practice on the job. In this approach Behaviour is considered as a base for improving safety performance because it is observable, definable & measurable also. Behaviors on the job are indicators of probable injuries and safety performance. The BBSM approach is different from traditional system approach and process approach, and focuses on one of the main aspects of safety problems i.e. At-Risk behaviour of people, which is a **major cause of majority** of accidents or injuries. The BBSM technique will serve as a tool to correct unsafe behavior of people and achieve desired safe standard.

LEARNING OUTCOME

This programme will enable participants to:

- Understand the concept and principles of BBSM to improve safety performance
- Develop safety attitude and positive safety culture
- Motivate employees to adopt safe practices at workplace

COVERAGE

- Safety culture & BBS management
- Understanding ABC model & conducting analysis
- Observations & communication to correct unsafe behaviour
- Art of giving feedback for correcting unsafe behavior
- Safety coaching and active listening
- Working conditions & its impact
- Motivation for safe behaviour at workplace
- Methodology for BBS implementation
- Management of human factors & errors for accident prevention

WHO SHALL ATTEND

Senior/middle management personnel, supervisors performing staff and line functions of safety such as the departmental staff, safety officers, trade union representatives, supervisory and engineering personnel.

FEES: (Per Participant)

NSC Members:	Rs. 14,500/-+ Rs. 2,610/- (18% GST)	=	Rs. **17,110/-**
Non Members:	Rs. 16,500/- + Rs. 2,970/- (18% GST)	=	Rs. **19,470/-**

NSCI Certified Internal SHE Auditor Course

17 - 19 March 2027, National Safety Council Hq., Navi Mumbai

ABOUT THE COURSE

Safety and Health audit is a management tool for systematic evaluation of how well the operation and maintenance procedures match with design intent and statutes. There are already large tome of Health and Safety legislation continues to grow with the introduction of additional regulations and guidelines. Moreover, Governments also use a larger stick to punish non-compliance. Not only bigger fines are imposed on companies but their directors and senior management face imprisonment for neglect of duties.

Also, the adverse public relations resulting from poor regulatory compliance can result in lost consumer goodwill and it can have a negative impact on valuable brand names. Statutory Compliance Audits can be used as a useful tool in reviewing an organization's health and safety procedures and legal compliance. Findings from the compliance audit identify gaps in an organization's current policy and procedure to enhance its safety performance. NSC has designed this 3-day training course as a regulatory audit provides an objective review of facility operations and company practices and provides a recommended process to ensure that compliance continues.

LEARNING OUTCOME

After completion of this course the participants will acquire knowledge of SHE legal requirement, management system requirement, chemical, mechanical, fire, occupational health, industrial hygiene and electrical hazards.

This course enables participants to -

- Identify SHE related statutory compliance requirement
- Identify significant hazards and risks in their work areas.
- Carry out internal audit for SHE legal compliance.

COVERAGE

This course will cover following topics:

- Overview of safety audit requirements and statutory compliance related to SHE
- OS & H management – policy, organization, systems and procedures
- Industrial hygiene and occupational health
- Hazard identification and risk assessment
- Chemical safety
- Electrical hazards, fire safety and emergency preparedness
- Mechanical safety
- Techniques of collecting information, examination of documents, report writing.

WHO SHALL ATTEND

This course will be useful for line managers, safety officers, and executives who are involved /likely to be involved in carrying out internal safety audits.

CERTIFICATE

- Participants who successfully pass the test as per NSCI criteria will receive a Merit Certificate and others will receive a Participation Certificate. (Validity 2 years)
- Certificates will be sent to the participants addresses and will include a unique identification number based on the last four digits of the participant's Aadhar card
- Participants are requested to submit a soft copy of their Aadhar card during course enrolment
