UNIQUE FEATURES OF NSCI SAFETY AWARDS

- The Assessment criteria are objective, comprehensive, and rigorous and take into consideration of sustained performance over three years for manufacturing sector, one year for construction sector, two years for MSME Sector and one year for Service Sector previous to the Award Year.
- To demonstrate the commitment and teamwork, the application form for manufacturing sector to be signed by the Chairman of the Apex Safety Committee and Worker's representative on the Apex Safety Committee. In the Construction sector, it should be signed by the In-charge of the establishment and an authorized representative of the client organization. Whereas, for MSME sector the form to be signed by Owner/Entrepreneur/Occupier along with Worker's representative and for Service sector the form to be signed by Owner/Employee.
- To recognise the teamwork involved in achieving the award-winning performance, each organization is requested to send a 3-member team comprising the Unit Head/Project Head, Safety Head and a Senior Worker-member on the Safety Committee for receiving the award.
- In construction sector, the client organisations are also conferred along with the establishments to recognize their contribution in the achievement.

BENEFITS OF SAFETY AWARDS

It benchmarks health and safety performance at the national level.

It demonstrates management's commitment to high standards of SHE

It enhances the morale of the employees.

It accords national level recognition for SHE performance.

It heightens the prestige of the organization.

It enhances business sustain ability.

ABOUT NATIONAL SAFETY COUNCIL OF INDIA

The National Safety Council of India (NSCI) is an apex level organization in the field of Occupational Safety and Health in India. It was set up by the Ministry of Labour, Govt. of India on 4th March 1966 as an independent, not for profit and autonomous society.

VISION: Be a national leader for providing guidance and services to make workplaces safer, healthier, and environmentally friendly.

MISSION: Building capacity, developing material, methods, procedures and strengthening the national movement (including unorganized sector) on Safety, Health, and Environment to prevent and mitigate the loss of life, human suffering and economic losses.

- To fulfill its objective, NSC carries out various activities. These include organizing and conducting specialized training programmes/courses, conferences, seminars & workshops; conducting consultancy studies such as safety audits, hazard evaluation & risk assessment; designing and developing HSE promotional materials & publications; facilitating organizations in celebrating various campaigns e.g. National Safety Day/Week, Fire Service Week, World Environment Day, Road Safety Month and National Electrical Safety Week.
- To its credit, NSC has successfully organized many national and international conferences e.g. XIII World Congress (1993) and APOSHO Conferences (1995, 2016 & 2025) and implemented many prestigious projects. It also serves as a gateway to the state-of-art information on HSE aspects at the international level.
- As one of the NSC's activities and initiatives, it instituted an annual NSCI Safety Awards scheme for the Manufacturing Sector in the year 1998 and later extended it to the Construction Sector in 2005, MSME Sector in 2009 and to the Service Sector in 2020.
- NSCI Safety Awards are highly coveted Awards at the national level for recognizing exemplary performance and effective safety and health management systems and procedures established by Organizations in Manufacturing, Construction, MSME and Service sectors.
