

ADMISSION CRITERIA AND PROCEDURE

- The admission to the programme will be on “**First-Come-First-Served**” basis for the eligible candidate (Limited Seat).
- Online registration facility will also be available on NSC website <https://nsc.org.in>
- Learners will not be permitted to attend the programme, if the **payment** is not sent before the program.
- In case of any problem with online registration, payment can be made by a crossed Cheque /Demand Draft drawn in favour of “**National Safety Council, Mumbai**”.
- The details of electronic transfer (transaction ID/UTR No, date and amount) should be intimated to NSC by email/ letter for confirmation of nomination.
- Complete name and address of the organizations should be indicated on email/ fax.
- For membership fees, active membership number should be mentioned in their communication/ correspondence. (If active membership number is not written in the enrolment form or any correspondence regarding nomination, the company will be treated as non-member.)
- Sponsoring organisation must mention **GST Number** in all communication for raising tax invoice, if not received then tax invoice will be raised without GST number and invoice cannot be changed.
- TDS may be deducted from basic amount of fees. **TDS certificate** should be issued within one month after deduction of TDS.
- If your organization is located under **SEZ Area and exempted from GST**, kindly provide the SEZ Registration Certificate. If not, GST will be applicable.
- **Certificate** will be issued to each participant at the end of the programme only after **receiving** the full payment.

NSCI Safety Champion - Roles and Responsibilities, 20 – 21 February 2025 West End Hotel, Mumbai

ABOUT THE COURSE

Developing a positive safety culture in the organization is a continuous process built over the time involving all employees. In fact, it is both individual and collective responsibility and requires a positive attitude inculcated through motivation, appreciation, acknowledgement, awards, recognition etc. Although the organisations appoint qualified site safety officers, in a strong safety culture, everyone feels responsible for safety and pursues it on a regular basis. Employees go beyond the call of duty to identify unsafe conditions, behaviors and intervene to correct them. Organizations have come up with a new concept of “Safety Champions” who play vital role and supplement the efforts of management for implementing the performance-based safety programs. Enthusiast safety champions act as role models for safety, identify safety hazards, correct the at-risk behaviours of others, and always look for opportunities to improve the Safety culture. Every employee may become a Safety Champion by implementing the Safety rules by themselves and encouraging others to do the same.

NSC has specially introduced this course to help the organisations to create a pool of Safety champions, who can become the pillars of a successful safety program of the organisation.

Building Safety Culture by Behavior Based Safety Management Strategies, 6 – 7 March 2025, West End Hotel, Mumbai

ABOUT THE COURSE

Management practices like Engineering Revision, Instructions, Personal Adjustment and Discipline, etc. have resulted in improving Safety Standards and reducing unsafe situations and accidents. Now there is a need to find and apply newer methods to reach the target of zero accident. Keeping in view of the need, in the recent past safety professionals have developed a new approach known as “Behaviour Based-Safety”. This approach is based on successive years of research which showed that about 80% of accidents at the workplace are caused by unsafe behaviours.

It promotes pro-active & practical approach to genuinely help people to follow safe work practice on the job. In this approach Behaviour is considered as a base for improving safety performance because it is observable, definable & measurable also. Behaviours on the job are indicators of probable injuries and safety performance. The BBSM approach is different from traditional system approach and process approach, and focuses on one of the main aspects of safety problem i.e. At-Risk behaviour of people, which is a major cause of majority of accidents or injuries. The BBSM technique will serve as a tool to correct unsafe behaviour of people and achieve desired safe standard.

LEARNING OUTCOME

This program will enable participants to:

LEARNING OUTCOME

On completion of this program, the participant will be able to identify the safety hazards & non compliances at workplace, recommend the corrective actions and also understand the requirements for enhancing the Safety culture at the workplace.

COVERAGE

This course will cover following topics:

- Overview of applicable Legal Requirements
- Hazard Identification and Risk Assessment
- Fire Safety, Electrical Safety, Mechanical Safety, Chemical Safety
- Accident Reporting, Investigation and Analysis.
- Safety Culture & BBS Management

WHO SHALL ATTEND

The programme is best suited for front line managers, Production or maintenance Engineers, Supervisors, safety committee members and associations and frontline employees etc.

FEES

NSC Members	Rs. 14,300/-+ Rs. 2,574/- (18% GST)	=	Rs. 16,874/-
Non-Members	Rs. 16,500/- + Rs. 2,970/- (18% GST)	=	Rs. 19,470/-

- Understand the concept and principles of BBSM to improve their safety performance
- Develop safety attitude
- Motivate employees to adopt safe practices at workplace

COVERAGE

- Safety Culture & BBS Management
- Understanding ABC Model & Conducting Analysis
- Observations & Communication to Correct Unsafe Behaviour
- Safety Coaching and Active Listening
- Working Conditions & its Impact
- Motivating for Safe Behaviour at Workplace
- Methodology for BBS Implementation
- Management of Human Factors & Errors for Accident Prevention

WHO SHALL ATTEND

Senior/middle management personnel, supervisors performing staff and line functions of safety such as the departmental staff, safety officers, trade union representatives, supervisory and engineering personnel.

FEES

NSC Membe	Rs. 14,300/-+ Rs. 2,574/- (18% GST)	=	Rs. 16,874/-
Non-Membe	Rs. 16,500/- + Rs. 2,970/- (18% GS	=	Rs. 19,470/-

Modern Techniques of Hazard Identification and Risk Assessment in Industries, 17 - 18 March 2025, West End Hotel, Mumbai

ABOUT THE COURSE

Hazard is a source or a situation having potential to cause harm such as human injury, ill health, damage to property, damage to environment or a combination of these. Hazard Identification is the process of recognizing a hazard in existence and defining its characteristic / impact. Similarly, Risk is the combination of frequency or probability of occurrence of an event and the damage caused by the event. Risk Assessment is the overall process of estimating the magnitude of risk and deciding whether the risk is tolerable.

Globally all safety Management Systems such as IS/ ISO 45001, ILO OSH Guidelines, etc consider Hazard Identification and Risk Analysis (HIRA) as corner stone to establish a sound safety system. Moreover, industries are required to carry out HIRA for their different activities/ operations as per statutory requirements. These include the Factories Act, 1948 and Rules made there under, the Manufacture, Storage and Import of Hazardous Chemicals Rules 2000, EIA Notification under the Environment Protection Act 1986, etc.

Considering importance of HIRA, the Bureau of Indian Standards has brought out a complete standard titled “Hazard Identification and Risk Analysis – Code of Practice” IS 15656:2006 and recently IS 18347: 2023 is also developed. It provides detailed guidance on Quantitative & Qualitative Procedures.

This 2-days program has been designed by NSC to create awareness on HIRA and provide practical guidance on carrying out HIRA for industrial operations/activities.

LEARNING OUTCOME

This workshop will enable participants to get familiarized with the Hazard Identification and Risk Assessment procedures and how it can be utilized in their premises.

COVERAGE

- Statutory Provisions on Hazard Identification & Risk Assessment (HIRA)
- Requirement of HIRA in OHS Management System
- Introduction to Hazard Identification & Risk Assessment.
- Techniques of Hazard Identification (Such as HAZOP, What if Analysis, Fault & Event Tree Analysis)
- Consequence Analysis
- Preparation of Report on HIRA.

WHO SHALL ATTEND

Design Engineers, Process Engineers, Middle-Level Management Personnel from Production/ Operations/ Projects, Safety Professionals - Safety Officers, Safety Committee Members, Instrumentation/ Maintenance Engineers.

FEES

NSC Members	Rs. 14,300/-+ Rs. 2,340/- (18% GST)	=	Rs. 16,874/-
Non-Members	Rs. 16,500/- + Rs. 2,700/- (18% GST)	=	Rs. 19,470/-

OTHER DETAILS

FACULTY

Expert from the approved member of expert panel of National Safety Council.

PROGRAMME SCHEDULE

The registration of participants will start at **9.30 a.m. on first day**. On subsequent days the program will start at **10.00 a.m.** and conclude at **5.00 p.m**

VENUE

West End Hotel,

45, New Marine Lines, Near Bombay hospital,
Mumbai- 400 020,

Ph: 022- 40839121, Fax: 022- 40839100,

E-mail: mail@westendhotel.com.

ACCOMMODATION

Programmes are non-residential.

FEES

Fees once paid will neither be refunded nor be adjusted.

The fees will cover - folder with soft copy of reading material, ball pen, writing pad, lunch and tea.

MODE OF PAYMENT

Nominations accompanied by a crossed Cheque /Demand Draft drawn in favour of “National Safety Council” payable at Navi Mumbai/Mumbai in the prescribed form should be sent to the National Safety Council, Plot No.98A, Institutional Area, Sector 15, CBD Belapur, Navi Mumbai – 400 614.

NSC will also accept payment by electronic transfer. The bank details of NEFT/RTGS payment are:-

Name of the Bank	Bank of India
Address of the Bank	Plot No. 11, Sector - 11,CBD Belapur, Navi Mumbai – 400 614
Bank Account Number	011620100005233
Bank Branch MICR Code	400013106
Bank Branch IFSC Code	BKID0000116
NSC's Income Tax PAN	AAATN3069N
NSC's GST Number	27AAATN3069N1Z4
HSN/ SAC Code	999293
Service Category	Commercial Training or Coaching

The details of electronic transfer (transaction ID, date and amount) should be intimated to NSC by email/letter for confirmation of nomination.
