

**National Safety Council of India**

**NSCI'S VIRTUAL CLASSROOM TRAINING PROGRAM ON**

# **Defensive Driving : Protecting Yourself and Others**

**14 January 2025 (Time : 02 : 00 PM)**

**PERSPECTIVE:** With the advancement of technology, the most developed projects undertaken along with the real estate are construction of highways and expressways. While new roads are being built, faster automobiles are being invented and produced in high numbers making road safety a crucial question. In the last 50 years, India's automobile population has grown 170 times while the road infrastructure has expanded only nine times. The Indian automobile industry grew by 12.5% in the last financial year. As per Annual report 2023-24 of The Ministry of Road Transport and Highways . In India 4,61,312 accidents reported causing in 1,68,491 deaths and 4,43,366 injuries in 2022. The Motor Vehicles Act, 1988 regulates all aspects of road transport vehicles in India. Recently Government of India has passed The Motor Vehicles (Amendment) Act, 2019 to improve Road Safety India. This training program is designed to create awareness about road safety among participants.
