Subject: National Electrical Safety Week Campaign – Commencing from 26<sup>th</sup> June 2025

Dear Sir/Madam,

We are pleased to inform you that, the National Electrical Safety Week (NESW) campaign is spearheaded by the National Safety Council, commencing from the 26th of June every year, with the active support of Central Electricity Authority (CEA), Govt of India.

The primary objective of NESW is to raise awareness among the public and industries about the importance of electrical safety and to renew our collective commitment to ensuring the safe use of electricity. This initiative promotes a participative approach to electrical safety through the involvement of both employees and the public.

According to the **National Crime Records Bureau (NCRB)**, the number of fatalities due to electrocution stood at **12,529 in 2021** and **12,918 in 2022**. Electrocution accounted for **3% of all accidental deaths in 2022**, based on the percentage share of major causes of accidental deaths (Forces of Nature and Other Causes). These alarming figures underscore the critical need to address electrical hazards across all sectors including factories, construction sites, hospitals, commercial spaces, residential buildings, and more.

As a national organization committed to promoting safety, health, and environmental awareness, the **National Safety Council** urges all members and patrons to actively participate in **Electrical Safety Week – 2025** by organizing awareness and promotional activities in their respective organizations.

To support these efforts, NSC has developed a range of promotional materials and training programs, including:

- A. Webinars on Electrical Safety:** Short-duration (2-hour) sessions on key topics related to electrical safety. (Refer to the attached brochure or visit <https://nsc.org.in> for details.)
- B. E-learning Course on Electrical Safety:** Accessible anytime through our online portal. (Details in the attached brochure; registration at <https://nsc.org.in/e-learning/>)
- C. Promotional Materials**
  - **Badges** with this year's electrical safety theme
  - **NSC Publication:** *Handbook for Workers on Fire* (Hindi)
  - **Other Utility Articles** – Additional awareness materials to support your celebrations (refer to Order Form).
  - **Banners** promoting Electrical Safety
  - **Safety Posters**

To ensure timely delivery of these materials, we appeal to all our Members / Patrons to place your firm order till 10<sup>th</sup> June 2025 through our E-store at <https://estore.nsc.org.in> or by using the QR code provided below.

We look forward to your enthusiastic participation in making **National Electrical Safety Week – 2025** a success.

Yours faithfully,

R R Deoghare

# NSCI'S TRAINING PROGRAM ON ELECTRICAL SAFETY (through Online) - NESW 2025

## **PERSPECTIVE:**

Today electricity has become the backbone of development. It is one of the essentials required to sustain modern society life. Electricity, though a good servant, may prove to be hazardous if due care is not exercised in its use. Although utmost safety is observed while manufacturing of electrical equipment, any error in installation, improper maintenance and ignorance of the safety precautions during their use may lead to an accident.

With an increase in reported injuries and deaths associated with use of electricity, electrical safety is becoming a more prominent health and safety topic in industry.

The National Safety Council is organising the online TRAINING PROGRAM on various topics of "Electrical Safety" to enable participants for preventing/controlling the electrical hazards at the workplace. Organization may choose any **one** of the topics from the below.

## **OBJECTIVE:**

This online Training Programmes will enlighten the participants on the key elements of Electrical safety / Legal requirement w.r.to Electrical safety / electrical hazards and implementation of control measures.

## **Options for Selecting Topic:**

**Topic 1 - Statutory Requirements for Electrical safety.**

**Topic 2 - Earthing System - Relevant Standards & Code of Practices**

**Topic 3 - Hazardous Area Classification and Electrical Equipment.**

**Topic 4 - First-aid, Artificial Respiration for Electrical Shock and CPR.**

**Topic 5 - Lightning Protection - Hazards and Control**

**Topic 6 - Electrical Fire & Prevention Techniques**

## **Program Fee:** (Advance Payment)

Rs. 30,000/- plus GST per organisation for each topic (Limited to 25 Participants - If no. of participants exceeds 25 extra fees Rs.1200/- plus GST per participant will be charged accordingly). (This offer is valid especially for the period of ESW)

**Training Methodology:** This program will be conducted in **2 hours** video-based session.

**Who Shall Attend:** Safety Managers HSE professionals, Electrical Safety Officer, Supervisors, Electrical Engineers, Operation & Maintenance Engineers, Electrical Contractors of the industry and Employees of Generation, Transmission & Distribution utilities etc.
