All Members and Patrons,

Sub: 54th National Safety Day/National Safety Week Campaign - Commencing from
4th March 2025

Dear Sir/Madam,

The National Safety Day/Week Campaign, spearheaded by the NSC since 1971 to mark its Foundation Day on 4th March, has significantly contributed to spreading safety awareness across all sectors. The campaign will enter its 54th year of celebration on 4th March 2025. This week-long campaign on Occupational Safety and Health (OSH) is widely celebrated across industries, trade unions, government departments, regulatory agencies, NGOs, and institutions, with active support from both the Central and State Governments, as well as the media. The objective of the campaign is to promote the voluntary OSH movement across all sectors and to engage people from all walks of life in the country.

"Viksit Bharat 2047" is an initiative aimed at realizing India's aspiration of becoming a developed nation by its centennial year of independence. This initiative seeks to mobilize efforts across economic, social, environmental, and governance domains to achieve comprehensive and sustainable development. The concept envisions India as a leading global power, with high standards of living, equitable growth, and environmental stewardship. To further this vision, the NSC has decided that the theme for NSD-2025 as:

"Safety & Well-being Crucial for Viksit Bharat."

We appeal to all our member organizations and patrons to adopt this theme, actively engage employees in safety initiatives, and take the necessary steps to implement comprehensive safety and health practices at workplaces.

Let us work together to make the **NSD-2025 Campaign** a transformative milestone in advancing workplace safety and well-being across the nation.

Yours faithfully,

Dr. Lalit R. Gabhane
Director General
