NATIONAL SAFETY COUNCIL OF INDIA

**Plot No.98-A, Institutional Area, Sector 15, CBD Belapur,
Navi Mumbai - 400 614**

Perspective - Safety plays a crucial role in Environment, Social, and Governance (ESG) management by ensuring the well-being of employees, communities, and the environment. From an environmental perspective, safety measures help to prevent incidents that could harm ecosystems or contribute to pollution. Socially, prioritizing safety fosters a positive workplace culture, enhances employee morale and retention, and demonstrates corporate responsibility to stakeholders. In terms of governance, effective safety practices align with regulatory compliance, mitigate risks, and contribute to sustainable business practices, thus supporting long-term value creation and stakeholder trust. Overall, integrating safety into ESG management promotes a holistic approach to sustainability and ethical business conduct.

Objectives - The program aims to enlighten participants about the importance of safety in the context of ESG, highlighting the importance of safe practices contribute to environmental protection, social well-being, and effective governance. Also strives to equip individuals with the knowledge and competencies needed to integrate safety seamlessly into broader ESG strategies, driving sustainable business practices and positive societal impact.
