## NSC's prestigious 'Safety Shield' for GWEL

■ Our Correspondent  
WARORA, Mar 29

GMRWARORA Energy Limited (GWEL), a part of the GMR Group, has been awarded the 'Safety Shield' recognition by National Safety Council of India (NSC) for outstanding performance in Occupational Safety & Health management system. The award was presented at the hands of Arvind R Doshi, Vice-Chairman, NSC and Lalit Gabhane, Director General, NSC to GWEL in a special ceremony organised in Panaji, Goa, recently.

'Safety Shield' is a prestigious recognition by NSC, which highlights organisations efforts

GWEL's Amit Bhawe, Pravin Shetty and Vivek Dhoke receiving Safety Shield during a programme in Goa.

in maintaining highest level of occupational safety and health standards. Rigorous and elaborate process of assessment followed by National Safety

Council's Safety Rating System (NSRS) makes this award coveted. Only those organisations, which qualify with Five Golden stars in NSRS, are eligible for

final nominations. GWEL underwent the assessment of its health and safety management system in February 2023 and has now become first company in India to get this recognition. Since inception, GWEL's operational approach is focused around achieving vision of 'Zero Harm'. To achieve this vision, GWEL had taken various initiatives. Implemented ISO management systems for safety, 'SARATHI' digital initiative for end-to-end safety management system, various continuous awareness campaigns and regular audits with continual improvement culture as core. This has helped

GWEL in achieving longest accident free man-days in the country. Speaking on the occasion, GMR Thermal Head Dhan-anjay Deshpande emphatically stated, "health and safety of each and every employee at GWEL is paramount to us and we have taken various initiatives towards ensuring the same. This recognition by National Safety Council of India is a testimonial to our dedication to safety of our employees. This is a very proud moment for GWEL and we continue to work towards ensuring zero harm and social responsibility for all our valuable stakeholders," added Deshpande
